

Pastor's Weekly Devotional – February 15th, 2018

“Is It Too Late?”

Have you ever wished you take back something you said or did? Undo a poor choice you made? Erase a painful memory?

From a human perspective there are no “second-chances” or “Do-overs” in real life. Unfortunately, we can't erase the mistakes of the past. But with God it's never too late. He can use those miscues to transform our lives and lead us into an incredible destiny He has planned for us. When you include God into the picture, you will discover that your Past will not determine nor will it affect your Future.

When we drive we glance at the rearview mirror and everything you see appears to be larger or nearer. But if we look ahead, we have a big windshield which tells us where we are going (forward) not where we have been (like the rearview mirror).

So, stop focusing on the past. God wants you to look to the future. The enemy of your soul will tell you: “You can't because of what you have done.” But God is saying: “You can in spite of what you have done!”

Satan's goal is to keep you chained to the Past. God's goal is to free you for the future. Now ask yourself: “Who offers the better deal?” The answer is obvious...

Have a blessed week!
Pastor Sewdin
